

# Krieket

Panorama Primary's Cricket program includes Mini-Cricket (U7 to U9) and Senior Cricket (U10 to U13). Coaching is grade-specific, with teams selected based on player skills. Teams practice and play matches once a week. We have dedicated coaches who continually improve their skills through workshops and courses, ensuring all players receive equal opportunities during practice sessions.

Mini-Cricket clinics are also available for further skill development. Each year, we participate in various cricket festivals and tournaments on Friday afternoons and Saturday mornings, along with organizing tours during the term and holidays. We host our own Cricket 6-a-side Tournament and Mini-Cricket Day, encouraging all learners to join.

**Our vision and mission are to ensure that all learners who play cricket have equal opportunities to develop their skills. At Panorama Primary, we are committed to producing exceptional cricket players. This commitment is evident in the number of our players who participate in provincial trials each year.**
