

Netball

At Panorama Primary School, we offer Mini netball for U.7 to U.9 and Netball for U.10 to U.13. Our Grade R girls focus on developing ball skills.

We aim to foster a love for netball in all players and ensure maximum participation, with four teams per age group, and sometimes more, so every girl is included.

Our dedicated coaches are passionate about developing the girls' skills, with two practices per week focusing on fitness and team play. Girls also have the opportunity to attend WPNA netball clinics to enhance their abilities.

Our teams participate in various tournaments, including the annual Riebeek Kasteel netball tour for U.12 and U.13, where they receive coaching from top national coaches. The U.13 team also competes in the Punt Primary School Tournament during our Mossel Bay sports tour.

We are proud that many players from U.11 to U.13 have been selected for the Western Province and Western Cape teams in their age groups.

Michelle Le Roux

Head of Netball
