Tennis

Panorama's tennis program consists of mini tennis (U.7 to U.8), beginners (U.10 to U.13), mixed teams, as well as our boys' and girls' first teams. Teams are selected based on each player's ability and skill level.

We are privileged to have dedicated and enthusiastic coaches who work alongside professional trainers to provide all our players with ample opportunities to develop their game. Our coaches are always eager to learn new techniques and regularly attend courses and workshops to enrich their knowledge and skills.

Practice times are arranged to ensure that every player has an equal opportunity to improve their abilities.

Our tennis teams actively participate in league matches and various tournaments. The school has five tennis courts, which are fully utilized by our learners.

At Panorama, it is our mission to ensure that every player has equal opportunities to advance their tennis skills and nurture a lifelong love for the sport.
